## Get ready to race with the pros!

Our cooking solutions strive to allow home cooking to produce restaurant quality food every time.

**76L**   
**LARGE CAPACITY**

*The fan works inside of the oven to circulates and distributes warm air to cook food in a short of time.*

*The grill covers the whole of oven cavity, this helps to heat wide area as possible*

*The half grill option allows you to focus on a small part of food and which helps you to not have to heat the whole food.*

**A**

*By using energy-saving  
home appliances, you save  
valuable resources as  
well as money.*

*That's why you should  
consider low energy values  
when you purchase a  
home appliance.*

*All of our ovens have a cooling fan which is active whilst cooking to ensure the front glass and handle stay cool to the touch during cooking.*

*The cooling fan will activate under any cooking mode over zero degrees.*

*The cooling fan will continue to run while the oven detects warm air in the cavity.*

OVEN  
LIGHT

*We have halogen lights across the range for better light inside the oven, allowing you to see how food is cooking without the need to open the door.*

ROTISSERIE  
FUNCTION

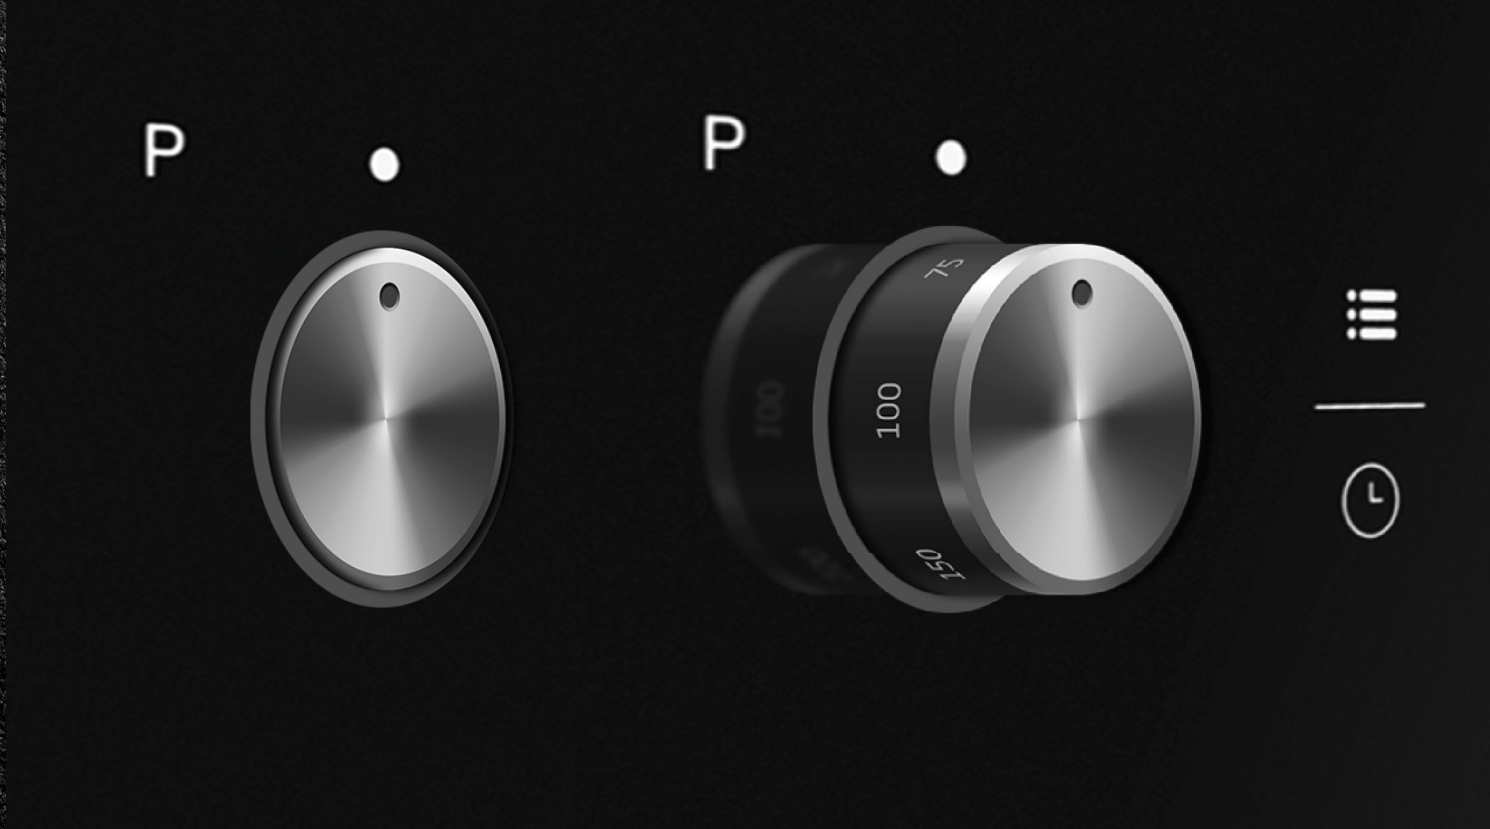

*Rotisserie ovens are one of the best ways to cook food, resulting in delicious, moist meat every single time. They're one of the most popular ways to cook chicken especially, giving you moist and flavorful chicken breast with consistency.*

**PUSH-IN POP-OUT CONTROL DIALS**

*Cooking is as easy as the push of a button.  
With our oven you won't get a hand cramp setting the dial.  
Our pop out dial makes setting the oven as easy as you want it!  
Our control dials can be pushed in when your appliance isn't being used,  
offering a smooth and harmonious blend with your kitchen cabinets.*

## 4 TRAY CARRIER

*4 Tray carrier, with its side shelves, provides the connection of your oven with the tray and makes it safer. You can safely use this product, which is resistant to high temperatures, for many years. Thanks to these side shelves, you can increase the usage rate of your oven.*
